Empathy Map

SKILL WALLET - A SmartBridge Product

Create an empathy map to understand your customer/user from four perspectives - what they **Say, Think, Do**, and **Feel** - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

Persona Name (Role/User Type)

Startup Founder / Freelancer / Landlord (LegalEase User)

1. SAYS	2. THINKS
* "I want to generate accurate and legally sound contracts quickly without hiring expensive lawyers."* "Legal jargon and complex contract clauses are confusing and hard to understand."* "I need customizable templates that allow me to add my company logo and branding before exporting to PDF or DOCX."* "Consulting legal professionals for basic agreements costs too much time and money."	* "Are AI-generated legal documents accurate, compliant, and legally binding?"* "Can I easily edit and tailor specific terms or clauses to fit my exact scenario?"* "Is my sensitive personal and business data handled securely during document generation?"* "Having an instant preview and multi-format download option will save a lot of operational effort."
3. DOES	4. FEELS

* Inputs document details (type, parties involved, terms, and effective dates) into the Streamlit web interface.* Previews the AI-generated document created via Gemini 1.5 Pro on the platform.* Edits clauses inline and downloads formatted documents in .PDF, .DOCX, or .TXT formats.* Searches for reusable agreement templates and legal drafting tools online.

* **Confident:** Empowered to draft professional legal content without needing a formal legal background.* **Relieved:** Reduced stress and turnaround time associated with drafting standard legal contracts.* **Secure:** Reassured by safe data handling and reliable document output.* **Empowered:** Independent and capable of managing business documentation seamlessly.
